Repair	Resident said: Shower grout and sealing was improperly installed - tub or shower / installed incorrectly Additional Details: Please see previous meld on the shower - we noted how improperly the repair was made but never heard back from management. Now the grout has begun to break down/disintegrate. We believe the wrong material was used during installation.	1	\$0.00	\$0.00
Repair	* Tenant did not allow proper dry time from original repair. So grout washed away. *  Tenant refused technicians approach to repair area around tube.  Tech was going to reapply new grout.  Tenant said he will do it himself with silicone.	1	\$0.00	\$0.00
Repair	Tenant requested Silicone to be used instead of Grout to seal area between tile and tub. Tenant was asked to allow material to dry completely and to be careful with any abrasive material used to "scrub" area.	1	\$150.00	\$150.00
