**How can I Avoid Paying Interest Charges?** If you pay your statement's New Balance in full by the due date each month, we will not charge interest on any new transactions that post to the purchase balance. If you have been paying your account in full without Interest Charges, but fail to pay your next New Balance in full, we will charge interest on the unpaid balance. For cash advances and transfers, we will start charging interest on the transaction date. Promotional offers may allow you to pay less than the total New Balance and avoid paying interest on new transactions that post to your purchase balance. See the front of your statement for additional information.

**How Is The Interest Charge Determined?** Interest Charges accrue from the 1) date of the transaction, 2) date the transaction is processed or 3) first day of the billing period. Interest accrues daily on every unpaid amount until it is paid in full. Any interest that has accrued during a billing period will post to your account at the end of the billing period and will appear on your next statement. This means you may owe Interest Charges even if you pay the entire "New Balance" one month, but did not do so the previous month. For example, even if a customer pays their balance in full on a February 26th due date, interest would continue to accrue on the balance from February 2nd (the start of the Billing Cycle) through February 26th, and will appear on their next statement. Once you start accruing Interest Charges, you generally must pay your New Balance in full for two consecutive Billing Cycles before Interest Charges stop being posted to your statement. Interest Charges are added to the proper segment of your account. However, we reserve the right to not assess Interest Charges.

**How do you Calculate the Interest Charge?** We use a method called Average Daily Balance (including new transactions).

1. First, for each segment we take the beginning balance each day and add in new transactions and the periodic Interest Charge on the previous day's balance. Then we subtract any payments and credits for that segment as of that day. The result is the daily balance for each segment. However, if your previous statement balance was zero or a credit amount, new transactions which post to your purchase segment are not added to the daily balance.
2. Next, for each segment, we add the daily balances together and divide the sum by the number of days in the Billing Cycle. The result is the Average Daily Balance for each segment.
3. At the end of each Billing Cycle, we multiply your Average Daily Balance for each segment by the daily periodic rate (APR divided by 365) for that segment, and then we multiply the result by the number of days in the Billing Cycle. We add the Interest Charges for all segments together. The result is your total Interest Charge for the Billing Cycle.

The Average Daily Balance is referred to as the Balance Subject to Interest Rate in the Interest Charge Calculation section of this Statement.

NOTE: Due to rounding or a minimum Interest Charge, this calculation may vary slightly from the Interest Charge actually assessed.

**How can I Close My Account?** You can contact Customer Service anytime to request that we close your account.

**How do you Process Payments?** When you make a payment, you authorize us to initiate an ACH or electronic payment that will be debited from your bank account or other related account. When you provide a check or check information to make a payment, you authorize us to use information from the check to make a one-time ACH or other electronic transfer from your bank account. We may also process it as a check transaction. Funds may be withdrawn from your bank account as soon as the same day we process your payment.

**How do you Apply My Payment?** We generally apply payments up to your Minimum Payment first to the balance with the lowest APR (including 0% APR), and then to balances with higher APRs. We apply any part of your payment exceeding your Minimum Payment to the balance with the highest APR, and then to balances with lower APRs.

## Changing your mailing address?

You can change your address by signing into your account online or by calling Customer Service.

Any written request on this form will not be honored.

**How do I Make Payments?** You may make your payment in several ways:

1. Online Banking by logging into your account;
2. Capital One Mobile Banking app for approved electronic devices;
3. Calling the telephone number listed on the front of this statement and providing the required payment information;
4. Sending mail payments to the address on the front of this statement with the payment coupon or your account information.

**What is the cutoff time to make a same day payment?**

- ◆ For online and phone payments, payments submitted by 12 midnight ET will typically post on the same day. However, if you pay your bill on your statement closing date, payments made after 8 p.m. ET will post on the following day. Keep in mind, it may take another business day or longer for credit to be available.
- ◆ For mail, as of the business day we receive it, as long as it is received by 5 p.m. local time at our processing center. You must send the bottom portion of this statement and your check to the payment address on the front of this statement. Please allow at least seven (7) business days for mail delivery. Mailed payments received by us at any other location or payments in any other form may not be credited as of the day we receive them.

## Interest Charge Calculation

Your Annual Percentage Rate (APR) is the annual interest rate on your account.

Type of Balance	Annual Percentage Rate (APR)	Balance Subject to Interest Rate	Interest Charged
Bass Pro/Cabela's Purch	7.99%	\$0.00	\$0.00
Purchases	19.24% P	\$0.00	\$0.00
Cash Advances	30.99% P	\$0.00	\$0.00

**Variable APRs:** The letter P displayed next to any of the above APRs means they are variable APRs and they may increase or decrease. We calculate variable rates by adding a percentage to the Prime Rate published in The Wall Street Journal on the 25th day of December, March, June and September. Variable rates will be updated quarterly and will take effect on the first day of Billing Cycles that end in January, April, July and October.
